SHUTTERS

- Shutters are a sophisticated solution for your homes interior.
- Blocks most sunlight from entering a room when they are fully closed.
- A wide variety of louver sizes, frame styles and specialty shapes to meet your needs.

WOOD BLINDS

- Blinds made from real wood, finished, then stained or painted.
- Available in various slat widths, materials, and finishes. Standard slats sizes are 1" to 3".
- Retains the natural whorls and grain of the wood they were made from.

ESTABLISHED 1978

CELLULAR SHADES

- Different levels of opacity to form a light filtering or room darkening shade.
- Unique cellular design forms pockets of air to insulate room from heat and cold. Available in different cell sizes.
- Absorbs sound, controlling unwanted noise while letting in natural light.
- Available "Bottom Up", "Top Down", Cordless and in specialty shapes.

ROMAN SHADES

- Offers the softness of a drapery with the practicality of a shade.
- Variety of fabric styles, colors, and textures ranging from sheer to room darkening.
- Optional hobbled shades with folds of fabric for a more dimensional look, or flat shades for a clean panel style.
- Valances, Cornice Boards, Beading, and Fringe can complete the style.

ESTABLISHED 1978

SOLAR SHADES

- Minimizes heat transfer and glare on TV and Computer Screens.
- Excellent UV Protection protects your furnishings from fading.
- Solar Shades block out the sun while still allowing you to enjoy your view.
- Cordless option available.

VERTICAL BLINDS

- Clean linear styling to window
- Gives patio doors and large windows drama and dimension
- Privacy and variable light control.

ESTABLISHED 1973 PROFESSIONAL DESIGNER
