

PKB DESIGN LLC, is thrilled that you have taken the time to consider us as your window treatment solutions provider.

Our professional personalized service always begins with an evaluation of your needs. Does your space feel complete? Are you in need of sun control? Are there privacy issues in your space? Do your rooms require temperature control?

At PKB DESIGN LLC, we guide you through every step of the process including design, ordering and installation. We bring samples to you so that we are able to coordinate with the other elements in your space; this ensures a cohesive and harmonious design. Our knowledge of available resources will save you time and money. By providing these services we will create custom window treatments that will make your dream space a reality.
